**SHAKE WELL
BEFORE USING**

DIRECTIONS FOR USE:

SHAKE WELL BEFORE USING.

HOW TO APPLY:

1. Turn nozzle to "spray" position before using.
 2. Hold sprayer 12 inches from foliage or surface being treated.
 3. Apply when conditions favor disease development or at first sign of disease infestation. Thoroughly cover all upper and lower plant surfaces until wet.
 4. Repeat treatment every 7 to 10 days, following rain or as needed to control diseases. Continue on 7 to 10 day schedule until the potential for disease development is no longer present.
- Be sure to treat new growth and buds.

USE AS A PREVENTATIVE:

RUST LEAF SPOT DISEASES, ANTHRACNOSE AND SCAB: Begin application at the first sign of budding or when conditions are favorable for disease presence.

POWDERY MILDEW: Apply in moist conditions when conditions are favorable for disease presence or when disease is first detected. Continue applications until disease pressure no longer exists.

BLACK SPOT ON ROSES: Begin application at first bud emergence in spring or when conditions are favorable for disease presence. Apply on a 14 day preventative schedule through the spring and fall to prevent disease emergence.

NOTE: Some plants may be sensitive to plant oils under certain conditions. Do not use on newly planted cuttings or plants stressed by drought. Do not apply when temperatures exceed 90°F. Do not spray the blooms directly.

ORNAMENTAL PLANTS (INCLUDING ROSES, FLOWERS, SHRUBS & SMALL TREES) DISEASES CONTROLLED:

PREVENTS AND CONTROLS: Anthracnose, Blight, Botrytis, Leaf Blotch, Leaf Spot, Powdery Mildew, Rust, Scab and other ornamental plant diseases.

EcoSMART[®]

PRECAUTIONARY STATEMENTS: Caution – We recommend good safety practices when using any pesticide, such as avoiding contact with eyes and skin and keeping out of the reach of children. If product gets in eyes, flush with water. If on skin, wash with soap and water. If irritation persists, contact a physician.

STORAGE AND DISPOSAL: Turn nozzle to off position. Store in original container in a cool, dry area and avoid excess heat. Keep from freezing. Do not reuse container. Offer for recycling if available or discard in trash.

LIMITATION OF LIABILITY: To the extent consistent with applicable law, EcoSMART makes no warranties of merchantability or of fitness for a particular purpose, nor any other express or implied warranty except as stated above. Buyer assumes all responsibility for safety and use not in accordance with label, directions and precautionary statements.

This product has not been registered by the United States Environmental Protection Agency. EcoSMART Technologies, Inc. represents that this product qualifies for exemption from registration under the Federal Insecticide, Fungicide and Rodenticide Act.
